The "Must Haves" Fabric Collection

The 8 oz. solid canvas is available in 44 colors and is a "must have" essential when working with the Outdura product line. Covering the outdoor basic color palate in addition to proprietary colors developed by the Outdura design team, the canvas works directly back with all of the plain weave stripes and coordinates beautifully with many Outdura jacquards, textures, and other decorative dobbies. Exceeding 60,000 double rubs, the canvas outperforms other solids and is not only suitable in a residential application but for hospitality and contract applications as well.
